

BULLETIN BOARD Graphics

Directions: For the center graphic of the bulletin board, choose ONE of the following images. In order for the image to stand out, you'll need to print on poster paper.

The dimensions are set to 18"x24". However, if you need it to be bigger or smaller, someone at the print desk at Office Max, FedEx Office, or Staples could easily help you with that. Some images included are with glitter and some are not. Choose your style and watch your bulletin board come to life!

These beautiful graphics were created by [Glitter Meets Glue](#). She creates stellar graphics and teaching materials with a touch of sparkle! Check out her store!
